Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-3,8-10,13-16,27-41 are rejected under 35 U.S.C. 102(e) as being anticipated by Fehling et al. (6,770,094).

With respect to claims 1, 27, 30,33,38, Fehling et al disclose a stabilizing element (16,18,20,22) a scaffold assembly comprising a first base (10) and a second base (12) at least one appendage (24) removably attached to the first or the second base, such that the bases and the appendage forming a cage between the first and the second vertebrae, wherein the stabilizing element (16,18,20,22) is retained in the cage without being rigidly attached to the scaffold assembly, and wherein the stabilizing element may be removed from the cage through an opening created by removing at least one of the appendages(24) a first plate (10) and a second plate (12); as set forth in column 2, lines 55-67, column 3, lines 1-48; and as best seen in FIGS.1-4.

Art Unit: 3733

With respect to claims 2,3,8-10,13,14,28,29,34,35, Fehling et al disclose all the limitations, as set forth in column 2, lines 55-67, column 3, lines 1-48; and as best seen in FIGS.1-4.

With respect to method claims 15,16,31,32,36,37,39-41, the method steps, as set forth would have been inherently carried out in the operation of the device, as set forth above.

Response to Amendment

Applicant's arguments, see Remarks, filed 3/12/07, with respect to the rejection(s) of claim(s) 1-3,8-10,13-16,27-41 under 102 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Fehling et al. (6,770,094).

Although applicant is now claiming that the stabilizing element may be removed from the cage through an opening created by removing at least one of the appendages, it is clear this limitation does not place the claims in better form for allowance. For, one can clearly say that by removing at least one of the appendages (42) of Fehling et al to create an opening, the stabilizing element can easily be removed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3733

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
